## CARVIN CARES

During the Corona Virus Pandemic, Carvin heard stories about how some elderly quarantined people had been taken advantage of. A story that people were taking the elderly's money to get groceries and supplies for them but never returning with the items particularly struck Carvin. He decided that during this unplanned downtime he would do some shopping on his own for some elderly neighbors and fans. He purchased necessities and delivered them free of charge much to the surprise and joy of the recipients! He started receiving messages from fans with more requests for supplies and he started receiving donations to help with the purchases. It has been a very rewarding time to see the happiness and gratitude in the faces of the elderly that he has been able to help. It's been a reminder that we should all do what we can to help those around us! Carvin plans to continue this as long as there is a need! Carvin Cares! To assist Carvin with this endeavor please contact him via Facebook Messenger or email!
